

OREGON MYOSITIS FALL MEETING

THE MYOSITIS ASSOCIATION

November 2, 2013
Meeting Summary

Refreshed and energized from the Annual Patient Conference in Louisville, the Oregon Myositis Association met in Wilsonville, Oregon. Through extensive research by Ann Roberts in Washington State and by the national organization, all past and present members of TMA were identified and invited for lunch. Due to long travel distances, the Oregon group has decided to alternate meeting in the Eugene area and the Portland area. We enjoyed meeting each other, sharing a brief overview of the Annual Patient Conference, and planning for future meetings. We look forward to hearing from our own Jim Berg about his work with balance and other techniques we need to maintain our health and safety. This meeting will be in the Spring in Eugene. We will meet again in the Portland area during the summer for a potluck and information sharing and return to Eugene after the 2014 Patient Conference in Reno to share new information.
